ALEXANDER HAMILTON: AMBIVALENT ANGLOPHILE

[DOWNLOAD](#)

Scholarly Resources Inc., U.S., United States, 2002. Paperback. Book Condition: New. New.. 228 x 154 mm. Language: English . Brand New Book. Of all of the Founding Fathers of the American republic none, with the possible exception of Thomas Jefferson, has evoked more passions and aroused more controversy than Alexander Hamilton. In this absorbing new biography, eminent historian Lawrence Kaplan examines Hamilton's conception of America's role in the world and the foreign policies that followed from his vision. Kaplan looks at how Hamilton acted upon his views in shaping the course of American foreign relations. The author provides a focused, accessible biography of Hamilton and a nuanced assessment of his impact on Federalist Era foreign policy. In the Jefferson-Jackson era Hamilton's persona as an elitist urban aristocrat condemned him as an enemy of an expanding democratic America—an Anglophile at a time when Great Britain was the major adversary. Such was his reputation as an enemy of the common man that his deep-seated opposition to the institution of slavery won little recognition from northern abolitionists. This book will fascinate readers with its insights into Hamilton and the formative years of the United States of America.
