Excerpt: .possible concession to the principle of autonomous control before finally establishing its mastery, or clearing the way definitely for the Capital-Labor dog-fight sure to follow the intensification of class loyalties. To make the corporation, in which many already cooperate in the production and distribution of goods and earnings, a medium for the cooperative production and distribution of spiritual values as well, seems at all points the American way to harness the Iron Man to the common good, as automatization in industrial plants proceeds toward its predestined goal. VI THE CHANGING CORPORATION pHE Iron Man is owned by the corporation. One A is as much an invention as the other; each represents an evolution, in which adaptations have been piled upon simple legal and mechanical principles. The automatic machine is as much a mechanical person as the corporation is a legal person. The two have...
