

Office based infertility practice

By David B. [Hrsg.] Seifer

Berlin Heidelberg New York, 2002. Pp. Book Condition: Neu. Gebraucht - Sehr gut Restauflage; Lagerspuren am Einband; ungelesen, sehr guter Zustand; Rechnung mit MwSt.; unused/unread, very good condition; - An invaluable resource to all physicians treating infertile couples. The text emphasises the practice of infertility in the office setting, reflecting the current trend away from the hospital into the outpatient environment, with the most current and advanced therapies available discussed by recognised experts in the field. The first half of the book is devoted to the evaluation and work-up of the infertile couple, including evaluation of the infertility factors, and the roles of ultrasound, endometrium saline sonography, falloposcopy and diagnostic laparoscopy and hysteroscopy. The second half of the book presents the treatment and operative procedures, including ovulation induction, IUI, tubal cannulation, treatment of cervical stenosis, the use of office laparoscopy and therapeutic hysteroscopy, male treatment as support for IVF, vas reversals, and testicular biopsy, as well as routine IVF, intratubal gamete transfer, and micromanipulation. With 200 illustrations, this book is a must for all infertility specialists, obstetrician-gynaecologists, fellows, and residents. 0 pp. Englisch.

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- **Prof. Arlie Bogan**

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
